

I'M THERESE LARSON

3D ARTIST

2018

PERSONA

Fulfill your dreams

I am a driven and fearless person who loves to find new ways, "outside the box". I've always been curious, wanted to learn more about everything. That left me with two strong legs in both the IT and restaurant industry. Thow I love both of them I now decided to go for my dreams and define my jouney to become a CG artist.
